# Course 1: Marketing Fundamentals

Becoming a digital marketer is a journey - let us be your guide. In this course, we give you a framework to help you organize and plan your approach. We also introduce you to three companies that are featured throughout the Digital Marketing Nanodegree as examples of how to apply what you learn in both B2C and B2B contexts.

## Course Project: Prepare to Market

In this first project, you'll prepare for your new role as a digital marketer. You can choose to market your own company or a Sandbox B2C or B2B product we've provided. You'll market a B2C or B2B product; you'll summarize the business model of the company, articulate the marketing objective, and develop a target persona for the product you choose to market.

## LEARNING OUTCOMES

### Lesson One: Welcome to Digital Marketing

Marketing is an essential part of your everyday life. We will take you on a journey through the evolving digital marketing landscape. This course will teach the fundamentals to help you navigate and thrive in this fast-growing field.

### Lesson Two: The Digital Marketing Framework

We provide a framework to help you make the right decisions in an ever-changing digital marketing environment. Learn about our marketing map that covers the What, Who, How, Where, and When of marketing.

### Lesson Three: What: Your Business

The journey begins with understanding the “what” you are marketing. Learn how to articulate a business model in a concise targeted way.
